Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *California Communities Against Toxics, et al. v. Regan*, No. 1:22-cv-3005-RC (D.D.C.). On October 5, 2022, Plaintiffs California Communities Against Toxics, Missouri Coalition for the Environment Foundation, Natural Resources Defense Council, and Sierra Club filed a complaint in the United States District Court for the District of Columbia. On December 6, 2022, Plaintiffs filed an amended complaint. Plaintiffs alleged that the Environmental Protection Agency (EPA or the Agency) failed to undertake certain non-discretionary duties under CAA to “review, and revise as necessary. . . no less often than every 8 years” the National Emission Standards for Hazardous Air Pollutants (NESHAP) From Secondary Lead Smelting because more than 8 years have passed since EPA completed the prior review of the NESHAP From Secondary Lead Smelting, (“the 2012 Rule”). In March 2012, Plaintiffs submitted a petition for reconsideration of the 2012 Rule. In December 2012, EPA granted Plaintiffs’ request for reconsideration of the “ample margin of safety” analysis performed for the 2012 Rule and stated its intention to initiate a rulemaking addressing the same. Plaintiffs alleged that EPA failed to perform its obligations to reconsider the 2012 Rule and that this failure constitutes “agency action unreasonable delayed” under the CAA. The proposed consent decree would establish deadlines for EPA to sign a notice of final rulemaking containing all necessary revisions under the CAA and a notice of final rulemaking to address reconsideration of the “ample margin of safety” analysis in the 2012 Rule.

DATES: Written comments on the proposed consent decree must be received by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2023-0486, online at <https://www.regulations.gov> (EPA’s preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments and additional information on the rulemaking process, see the “Additional Information about Commenting on the Proposed Consent Decree” heading under the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Elizabeth Pettit, Air and Radiation Law Office, Office of General Counsel, U.S. Environmental Protection Agency; telephone (202) 566-2879; email address pettit.elizabetha@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining a Copy of the Proposed Consent Decree

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2023-0486) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

The electronic version of the public docket for this action contains a copy of the proposed consent decree, and is available through <https://www.regulations.gov>. You may use <https://www.regulations.gov> to submit or view public comments, access the index listing of the

contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search.”

II. Additional Information about the Proposed Consent Decree

The proposed consent decree would establish deadlines for EPA to sign a notice of final rulemaking containing all necessary revisions to 40 CFR part 63, subpart X, under CAA 112(d)(6), and a notice of final rulemaking to address reconsideration of the “ample margin of safety” analysis in the 2012 Rule under CAA 112. First, for the NESHAP From Secondary Lead Smelting under 40 CFR part 63, subpart X, the proposed consent decree would require EPA to sign a proposed rule by September 30, 2025, and a final rule by September 30, 2026, containing all necessary revisions under CAA 112(d)(6). Second, in response to the reconsideration petition and pursuant to CAA 307, the proposed consent decree would require EPA to sign a proposed rulemaking by September 30, 2025, and a final rule by September 30, 2026, to address the reconsideration of the “ample margin of safety” analysis.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information about Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2023-0486, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. EPA may publish any comment received to its public docket. Do not submit to EPA’s docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia

submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e. on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not

required to consider these late comments.

Gautam Srinivasan,

Associate General Counsel.
